When I called Dr. O'Donnell on a Saturday in extreme pain, he offered to actually meet me at his office on Easter Sunday. I appreciatively declined and saw him on Monday, first thing. He worked with me and explained very clearly my options and problems. I knew that anyone Dr. Farrugia entered into business with was going to be good. And the whole staff was very friendly and understanding.

★★★★★ by Ann Moore on 2017-01-27

When we moved to Santa Rosa Beach, I had used the same dentist for 35 years in our previous city. And although I loved my dentist, his methods of dentistry had become outdated. I just love this dental practice! From the front desk ladies, Amber and Mai, to the awesome ladies in the back, this office is tops in my book! Christy cleaned my teeth yesterday and did an outstanding job. Dr. Mike is extremely professional, personable, and is totally up to date on all dental procedures. He is an expert, using cutting edge technology! Such a wonderful find in Walton County! I recommend Great Florida Smiles highly!

This was my first appointment with a new dentist after moving to the area full time. I love my dentist back home and was hesitant about trying someone new. After driving past Dr. O'Donnell's new office building on Hwy 98 day after day and admiring how it was coming together, I decided to check him out. I looked online and saw several positive reviews and a few of them were people that I know here locally, so I called and made an appointment. From the moment I called, everyone was very friendly and accommodating. Dr. O'Donnell and his staff spent considerable time with me getting to know me and my teeth. They spent time explaining what was going on with me and made some recommendations for improvement. Overall, I felt really good about working with them and will continue to go back for further treatment.

I was frantic because I had broken off a tooth directly beside my front tooth. I broke it the night before while eating a piece of chicken so needless to say I stewed about it all night. I am from Ohio and staying at Gregory E Moore Campground, and had visited this dentist in 2012. I was very satisfied with my services then so I decided to try to see them again. I went into the office the next morning without an appointment and they treated me as if I were one of their regular patients. Their friendly staff seated me almost instantly. The doctor came into to see me to assess what I needed done. I felt as if I had known him and his assistant for years. My tooth was fixed and I was on my way in less than an hour. I left there a "happy camper". Wonderful dentist & wonderful staff!

I went to Great Florida Smiles for a second opinion after another local dentist told me I needed a root canal and a crown. Dr. O'Donnell gave me the consult free of charge and discovered that since my tooth was still alive & well, I did not need a root canal - he'd fill it as a normal cavity. Oh joyous day!!! He fixed my tooth for a couple of hundred dollars instead of a couple of thousand (did I mentioned we didn't have insurance?). He was able to use their new laser drill which eliminated the need for anesthetic, so no shot, no drooling, no bit lip and no puffy numbness for hours afterwards! The Team at GFS was very professional and took care of me quickly and efficiently - probably the best experience at a dental office that I've ever had - and I've had A LOT!

★★★★★ by Sharon Barocco on 2014-11-09

I needed to find a new dentist being new to Florida. I found the office staff to be very helpful and friendly. Having some pain and finding out I had an abscess was the beginning of a root canal. Dr O'Donnell explained every step, when he gave me the local I didn't feel it! He is very reassuring and the procedure went great. I've had 3 previous canals so I have experience. I recommend him highly!

★★★★★ by Mindy Petrovich on 2014-10-11

Everyone dreads going to the dentist...fearful of what they might find. I hadn't been to the dentist in two years, and I was nervous. I will just say that this was THE best experience I have ever had, and I actually look forward to my next cleaning. The hygienist had the gentlest touch, and made me feel very comfortable. The technology that they use is amazing. Gone are the days of waiting for your films to come out of the processor. The 3D model was also very interesting. Dr. O'Donnell was informative and very easy to talk to, and took great care in looking at an area that was rather sensitive. I can't wait to take the rest of my family for their visit. There is absolutely nothing negative I could say about this place.

★★★★★ by Marlene Atwater on 2014-06-24

This group of professionals, from the front office to the dental hygienists, and Nick and Dr Mike and Dr Alvarez, is the friendliest I have found here on the Emerald Coast. Not only do they constantly update their professional knowledge using the latest technology and techniques, but they provide a level of personal care that, in my opinion, is unmatched anywhere in the area. From the time you arrive at their office until checkout, there are smiles and conversation that makes everyone feel at ease and welcome. I always hated going to the dentist, but not anymore.

I have had a lot of work done over the last several years, Dr Mike and his team have done a great job taking care of all my dental needs. I believe my overall health has improved as a result. I also enjoy spending time with my hygienist, Patti, too!

I've been going here for dental care for around two years and have had only good experiences. The staff from the front desk to the exam room are consistently friendly, cheerful and good at what they do. Dr. Mike answers my questions, presents options and then allows me to choose what I wish to pursue, no pressure. I actually look forward to seeing my friends when it's time to get my teeth checked and cleaned.

Wonderful professional staff from the front office to all the back professional staff. They do a great job making a bad dental situation tolerable for the patient. Would highly recommend this staff to anyone in need of dental work, from minor to major. Very lucky to have them available to us in this area.
